DEDICATION

Now and then into the lives of all high school students enters an unforgettable personality: one who to the students is a true friend; one whose highest interests are with not only the subject matter she teaches, but with the students themselves. Such a personality has entered the lives of hundreds of M. H. S. students, and particularly the class of nineteen-hundred and forty-four.

"To feel, to love, to suffer, to devote herself, will always be the text of the life of a woman."

It is with this sentiment that we, the Class of "44", have chosen to dedicate the Dial to our faithful four-year sponsor, BESSIE FLORENCE KIEFER.

Luck played a minor part with this lucky thirteen. Brains, industry, a sense of ethics, and personality played the major roles. Not for one hour, one month, or for one year only did this group give star performances, but for four academic years.

M. Clark: A leader born to have honors thrust upon him, but always retaining his sincerity and poise, an unsurpassed athlete, a model citizen of commendable scholarship is Maynard.

T. Eyre: Self-effacement plus native ability plus excellent marks plus a sunny disposition—all form a girl, Thelma, one of tremendous personal popularity with both students and faculty.

J. Eaton: A deliberate lad, immune to pressure situations or groups, John delved into activity—scholastic, athletic, and dramatic, maintaining consistently good marks and personal prestige.

M. Hale: Marian's appreciation of social and cultural values was tops; her sense of drama equalled her sense of humor. Her unanimous election as D. A. R. girl was a tribute to her character and intelligence.

B. Hammond: Barometric Bill enjoyed intensive and varied activity. He poured heart and soul into his every project; was 100% dependable, academically strong, and a favorite with his fellows.

A. Hatch: Ambitious Audra strove for perfection. Good taste, coupled with unusual talent in art, permeated her college work, her standards of scholarship, and her plans for her dramatic.

D. Hoeltzel: Mature thinking and a zeal for solving the mysteries of life set David apart. His record of achievement and citizenship is

a testimonial to his disregard of time and energy consumed in a job well done.

M. O'Leary: Boundless energy and enthusiasm, ability to make effort count, uncanny ease in mastering subject-matter, skill in writing (witness her work for the *Enquirer-News*), and great personal charm has Margaret.

H. Humphrey: Herbert, the youngest senior, belies his years. He can out-think and out-reason older intellects. He successfully mixed fun with serious purpose, devoured knowledge, and rescued many a crisis.

B. Robinson: Beulah has carried many projects to completion when others fell by the wayside. She is attractively feminine, an avid student, an unwearied worker, the recipient of universal admiration.

C. Sherman: Creighton, the intrepid, the versatile, the ingenious, lent his ideas and effort to numberless festivities and programs. Failure was not in his vocabulary, whether in class-room or extra-curricular work.

J. Smith: Joanne combined perfectly the traits of a superb student with those of a fun-loving girl. Everyone marvelled at her ease in producing quality and quantity work, and in getting along with people.

M. Smith: Marie embodies proof that real worth doesn't require fanfare to achieve group recognition. Demurely and winsomely she has won acclaim for originality, ability, and highest classroom rating.

HISTORY

September, 1940, a memorable month and year in the annals of Marshall High School, for it was then that one hundred and forty-four green and quivering Freshmen entered its towering portals.

We began breaking the masculine-dominion tradition right away, by electing Marian Hale class President; Maynard Clark, Vice-President, and Audra Hatch, Secretary-Treasurer.

We entered the Student Council race with all customary thunder and lightning. Made a direct hit, for Marv Shebel represented the "Class of '44" as Secretary-Treasurer.

Then, for the girls, came that horrible and ghoulish ordeal, the G. A. A. Initiation. We stayed up all night learning the definition of the brain, only to find we didn't need it. That initiation wasn't nearly so terrifying as we had expected.

We'll never forget the thrill of our first high school formal (The G. A. A. Spring Party). Months ahead our dates were paged, and for the first and last time we arrived on time for the receiving line. For weeks afterward we dreamed of it.

The formal was no sooner over than class day rolled around. Remember how Mariynn cried?

After three busy months of blissful laziness we returned, superior and sophisticated Sophomores. How we looked down on those poor childish Freshies. We knew the school; we had been around; or so we thought.

Maynard Clark served us as a President, while his right-hand helpers were Audra Hatch and Bill Hammond. Miss Kiefer came back as sponsor, and we added Mr. Gray as her co-sufferer.

We again were victorious, as Norma Faust assumed the duties of Secretary-Treasurer among the Student Council executives. Wayne Sharrar became Norma's No. 1 man this year.

That gorgeous "hunk of man," Mr. Cuber, entered M. H. S. this term. Every girl yearned to take speech.

Spring really hit us this time. Ruthie Noneman started going with Bob Smith; Mary Johnston snared Stewart Trefry; Danny Hochradel got "that way" about Donna B.

At last the day dawned when we were upper classmen. Juniors—what magic that name held. We attained the honor of being the first class to use the "Puffball" at the football games. What a relief from that drafty canvas tent.

"Youth Takes Over," the best Junior Play in years, everyone said. Bill Hammond was the typical Albert without much pretending. Thom Greenfield got so well into his part he hasn't ceased to be sleepy since.

Our final triumph—"Beneath the Briny Deep" was the '43 J-Hop theme. So closed our most exciting, and busiest, year. Marvin Shebel piloted us, assisted by Dorothy Wheeler and Beulah Snyder.

The summer had its effect on the class, for on Sept. 9, 1943, when we re-entered school we numbered but 106. Two of the boys—Vic Camp and Doug Crandall, went into the armed services. Danny Hochradel deserted for Monoc and Toledo.

At last came the day we entered Marshall High as impregnable Seniors. We started off in high by choosing John Eaton, President; Marion Hale, Vice-President; and Beulah Robinson, Secretary-Treasurer. Miss Kiefer returned for her fourth year, and Mr. Gray condescended to try his third term as co-sponsor.

Charlie Carr left us after 15 years, and Mr. Gray was appointed Head Coach. The football team proved invulnerable under his coaching, and emerged T. V. Champions. Bill Hammond and Marv Shebel co-captained the eleven.

The Class of '44's roster of Engaged Girls grows steadily each day. Six girls have already entered the sacred circle. Dorothy Wheeler, Mae Louise Daman, Ira Mae Bramble, June Coller, Dorothy DeLaney, Joyce Diekema comprise the charter members of this organization. Norma Sayers Eckloff, Sally Hale Kimball, Emily Oversmith Shaw, Pauline Snook Wellington went one step further and took the final leap.

Steadies flashed off and on: Beulah and Bud, Marion and Bob, Marg and Bill, but through it all Helen Wentworth remained devoted to Don VanArman.

The Senior dramatic performance, "The Hill Between," brought out some exceptional talent from all parts. Audra Hatch, John Eaton, Marion Hale, Maynard Clark, and Beulah Snyder shared the spotlight honors. Harold Boyer's characterization of Grandpap stopped the show.

By unanimous decision Marian Hale became the 1944 "D. A. R. Girl."

Dave Hoeltzel passed V-12, and went off to war in March. Cal Connelly departed February 23 to take a crack at Herr Hitler. Moynie left soon after this; and Lloyd Hobson began his career as Ensign Lloyd Hobson, United States Naval Air Force, in March.

Senior Picnic, Class Day, Baccalaureate, and finally Graduation all descended too soon. So here we are after four years, approaching new experiences, as green and quivering tyros; but we'll be ready and steady, whatever happens.

ATHLETICS

TWIN VALLEY

GRIDIRON CHAMPIONS

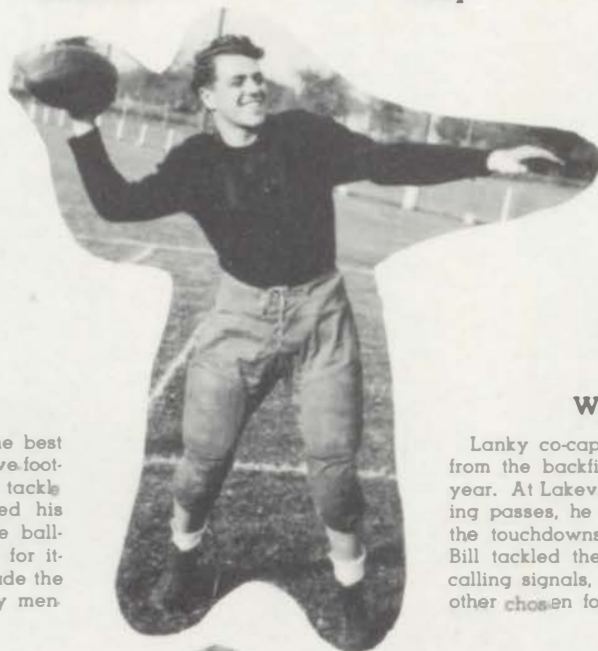

Andersen

Gray

Marvin Shebel

Blonde Co-Captain Shebel was one of the best linemen, 182-pound senior, he played both tackle and guard. Against Sturgis Marv played his best game. Time after time he threw the ball-carrier for huge losses. The score speaks for itself, "Marshall, 19—Sturgis, 0". "Shebe" made the All-Twin Valley Team, and was honorably mentioned for All-State.

William Hammond

Lanky co-captain and signal caller, Bill shifted from the backfield last year to end position this year. At Lakeview Bill proved that, besides catching passes, he could also run. He made one of the touchdowns to help defeat Lakeview, 20-13. Bill tackled the toughest job on a team, that of calling signals, and did clever work. Bill was another chosen for All-Twin-Valley.

Maynard Clark
(Upper Center)

Short and stocky, fearless and swift, this curly-haired back-field man proved his ability over and over. His skill at shiftness and his speed enabled this 160-pound, five-foot-eighter to score sixty-seven points for the season, topping the team. He did the bulk of the kicking and passing.

Clark was named captain of the All-Twin Valley team—a signal honor, and well-deserved. He received honorable mention on the All-State team.

Darrell Rapp

This sophomore finished his second year as varsity guard. Rapp is a shy individual off the football-field, but on the field he is a continual sore spot to the opposing team. He is a hard, vicious tackler and a tough man to stop. Rapp was the only player lower than a senior who made the All-Twin Valley and drew honorable mention on the All-State team.

Douglas Burns

"Nut meats" is a speedy five-foot-ten-inch end. Doug didn't play many minutes, but was especially shrewd at eluding backs and snagging passes. Wiry, intelligent, and in there to win—that's Burns. It was at Hillsdale that this shy lad made the first point of his football career. The score was Marshall, 53; Hillsdale, 19.

Delbert Jenks

This shy but courageous five-foot, 160-pound guard, although not participating in too much play, was a hard and fast-charging lineman, who put all he had into the game. Experience is all Jenks' strong head and body need; he will be a senior in '44-'45.

Charles Sayers

This flashing halfback proved his running ability in the Albion game. "Chuck," a dark-eyed, versatile junior, is a fine punter and an accurate passer. He is a fast runner and a hard charger. "Chuck" would certainly be a good player on any coach's team. He has fire and daring.

Leon Patterson

Pat, a junior guard, saw action this year and held his part excellently. Leon is not a large heavy man, but he makes up for it in speed and fight. Offensively, he opened large holes for the ball-carriers to skim through. On defense he proved himself to be a veritable "brick-wall".

Dawey Devine

This dusky, cool-headed 150-pound, five-foot-two-inch end proved especially skillful on receiving passes. His snagging of passes at Coldwater helped pave the way to the Cardinals' 32-6 defeat. "Sticky Fingers", with only one year's experience, is "on his way". He received honorable mention on the All-Twin Valley.

Ben Kelly

Although weighing only 140 pounds and being small of stature, Ben more than made up for lack of weight and height by showing plenty of drive and defensive ability. He starred in the Coldwater game by scoring twice on long runs. Kelly is tiny, but indomitable.

Ralph Bennett

Tall and rangy Bud, playing football his second year, moved from center to backfield, doing considerable punting and adding much yardage at that position. This 170-pound, six-foot-two-inch junior will return in '44-'45 for another chapter in his brilliant football career. Bud received honorable mention on the All-Twin Valley team.

Robert Boston

Big Bob, calm and determined, has been varsity center two years. Bob, despite a knee injury, played commendable football this year. He perhaps played his best game against Albion, when he continually knocked Albion's passes to the ground, helping the Redskins clinch the Twin Valley by an 18 to 6 victory. Bob is a junior.

Robert Hindenach

Bob, a reserve senior, deserves great credit for sticking on the team, despite the fact that he played little. Bob has many fine qualities, but some player, just a little better, always came in. Bob was a hard worker in practice, always trying

to land a berth on the varsity squad. The Marshall Redskins will always have a winning team with players like Bob.

James Gabriel

The 180-pound sophomore tackle was certainly a hard man to force out of play, as our opponents found out.

Broad-shouldered, handsome Jim was continually making tackles, and throwing the ball-carriers for losses. Jim played good ball in the Jackson St. Mary's game which we won 7-6.

Robert Howard

145 pounds of tackling fury, this small five-foot-eight-inch half-back was deadly at tackling, proving this in the Lakeview game. Several times he broke loose for gains, scoring against

Hillsdale in a seven-yard plunge. This sophomore is sure to become All-T.V. material.

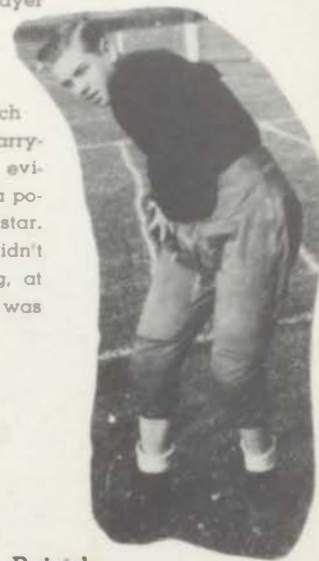

Bachman

Eaton

Richard Crampton

Shifty Dick, a half-back, was a game and intrepid player for his slight build. Sleek, handsome Dick didn't have much chance at ball-carrying, but gave evidence of being a potential football star. Although he didn't do any passing, at practice he was good at it.

Russell Huggett

Russ, long and lean tackle, rose to heights in the Lakeview game with brilliant defense work. This was his first letter-winning year; he was out with injuries last year. The six-foot senior helped immensely in winning the T. V. Championship.

Calvin Howard

Casual Cal, a junior, was a regular guard on the varsity squad. "Rover" was a fast, hard, low-hitting tackler. Not many plays went through "Rover's" position without a little trouble from this drawling, tranquil, junior guard.

Robert Morris

Bob, five-foot-nine, 160-pound freshman, proved to be one of the best line backers on the reserve team. Bob played the center position well and was powerful on defense. He is quick at spotting the ball carrier, is a fast runner and a hard tackler.

Judson Reincke

Jud was a senior tackle. He didn't see too much action; but, for a lad his size, he wasn't faintly scared by his large opponents. In fact, they were a bit surprised when suddenly thrown to the ground by this small but vigorous tackle.

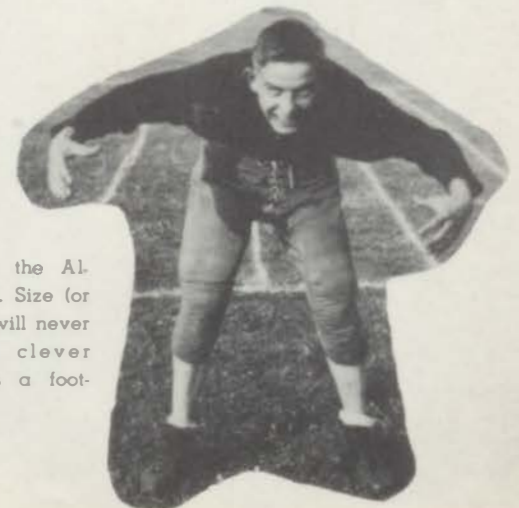

James Hindenach

Slim Jim is 125 pounds of fighting iron spirit. He showed he could come through in an emergency by his stellar

playing in the Albion game. Size (or lack of it) will never stop this clever back; he's a football asset.

Left to Right: G. Bachman, guard; D. Devine, center; R. Bennett, forward; B. Hammond, guard; Captain M. Clark, forward.

Coach Gray's fabulous five, who tied with Sturgis for the T. V. Championship, had a season in which they tallied 468 points as against 369 for their opponents. Bennett led the conference scorers with 150 points. The most amazing fact of all is: Marshall outscored her co-champion Sturgis by 106 points!

Guy Bachman: "Shorty Bud" has played regular basketball for the last two years. After a shift this year, from forward to guard position, "Curley" proved that he possessed a remarkable ability in ball handling, especially in stealing the ball on an opponent's pass. His total point average placed him well up in the Twin Valley individual scoring standard. As a mighty fine basketeer and an equally fine fellow, he won the good will of his team mates.

Dewey Devine. The "Black Swami" was a veritable dark horse of the basketball team. Starting out as a guard, then shifting to center, he proved himself a trustworthy tip-off artist, enabling the others to score from his well-placed jumps. "Dew" earned the admiration and respect of his mates by his steady, dependable playing. He will be a mainstay next year.

Ralph Bennett: This dynamic junior spelled trouble for all opponents of the Redskins. Breaking records was his meat, as was demonstrated in the Hillsdale game when he ran rampant and tallied 33 points. His illustrious head bears the crown of "High Single Game Scorer" and "T. V. Top-Scorer" with 150 points. Speedy ball handling and successful one-handed shots will make Bud a vital cog in the '44-'45 quintet.

Bill Hammond: Will, never a big point-maker, consistently provided the fast, smooth ball-handling that enabled the others to make points. Fast dribbling and accurate passing featured his play. Bill's inexhaustible energy and hard-hitting drive are combined in "Pinnochio" to make a player his opponents will never forget. Another Senior who ended his athletic career in a blaze of glory.

Maynard Clark: Capt. Clark, also a product of the early season shift, more than established himself as a sharpshooter and as the guiding force of the '43-'44 Redskins. Indefatigable energy and an almost uncanny ability to come from under a pile-up unscratched, made this fleet forward a dangerous opponent. Marshall loses a great athlete and a superb leader when Maynard graduates.

Director B. Bradley donned the mantle of music relinquished last spring by W. Jenvey, and has worn it with distinction. His department suffered from war-time demands, with many band and orchestra veterans moving from music to physical ed, math, first aid, et al. But they carried on superbly; and the band, composed largely of underclassmen, made impressive appearances at games, programs, and pep assemblies.

The choir filled many needs in devotional assemblies and on general programs.

The string ensemble, nucleus of a future orchestra, played a fine program at the senior play. Mr. Bradley made a really auspicious start.

Organizations add much to M. H. S. life. The **Student Council** is the basic one. It guides policies of student entertainment, finances projects (such as the two **Dials** and the juke-box), and provides devotional and educational assemblies. The **Usher Club** is invaluable at night programs where reserved seats, or crowds, or flowers need attention. The **Commercial Club** (one of the largest) goes in for sociability and food. The **Library Club** checks on 750 students' use of 3500 volumes, and keeps the library attractively decorated. The two **Latin Clubs** hark back to Roman contributions and promote projects, the outgrowth of Latin study. **G. A. A.** (the largest group of all) keeps girls physically fit, and stages the annual spring formal. **F. F. A.** builds master farmers, and submits contributions to all worthy local, state, and national promotions. The **French** and **Spanish Clubs** (the latter new this year) study those nations—their songs, customs, and problems. Each club, in the course of a year, usually sponsors a school dance, a pep assembly, and a party or two. The pre-war Latin Banquet was a real occasion. Man is a gregarious animal; clubs fill a social and cultural need for him.

THE BRINY DEEP

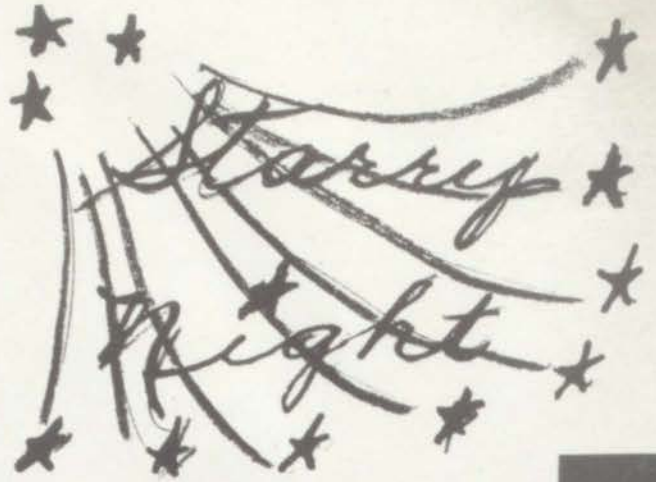

— "By the Sea" —

— Grand March —

Stars! Stars! everywhere! No, you weren't knocked out and seein' stars; it was the scene of the 1943 G. A. A. Spring Formal, "A Starry Night," April 30th.

The Executive Board and various committees very capably managed the affairs of the dance and made it the success that it was. Jackie Sentz handled the task of decoration chairman; Eunice Wilcox had charge of ticket sales; Shirley Davis and her helpers took over the check-room; Dorothy Wheeler was chairman of the refreshment committee; Audra Hatch, entertainment committee; Joyce Greenman, program committee; and Patricia Ruddock, chairman of the invitations committee.

Mr. and Mrs. Gray and Mr. and Mrs. Harrison chaperoned this annual event.

Debate

1942—District; 1943—Semi-finals; 1944—District! Year after year M. H. S. has rated consistently high in debating. Respected by all the schools around, including many larger ones, Marshall has always proved a formidable foe. Although

this year's District contest included three class A schools, Marshall, backed by Coach Cunningham's able training and represented by two determined debators, Dave Hoeltzel and Keith Ronan, was one of two schools to participate in the final debate for the district championship. In this debate Marshall met its nemesis, Kalamazoo State High, and bowed out of 1943-44 competition.

With the graduation of the class of '44, Marshall will have lost all of its veteran debators. From now on the job of keeping M. H. S. "up there" will depend on hard-working Coach Cunningham and a group of green debators.

- OUR LAST ASSIGNMENT -

Hear ye! Hear ye! Hear ye! The High Privy Court of Marshall shall come to order. The first case on the docket is that of Marshall High School vs. The Slap-Happy Dial Staff of 1944. The charges are:

(1)—Pages printed upside down—result, six students with broken necks see doctor. (2)—Words mutilated by typists—result, one English teacher consigned to insane asylum. (3)—Too much shrieking and general noise emanating from Journalism room—result, twenty straight jackets purchased for forth-coming Journalism students. In defense of **the accused**, it is said: (1)—The class of 1944 made a whole-hearted attempt to issue an improved and **superior Dial**. (2)—Any noise issuing from Room 211 was a necessary outgrowth of the distorted genius of **aforementioned** class. (3)—Pages printed upside down should not be blamed on the students, but rather on a type of educated Gremlin that inhabited the realm of Journalism.

The verdict rendered, in view of the statements made by the defense, is—NOT GUILTY.

Yes, fellow-students, we of the newspaper staff have had our ups and downs. It takes time and plenty of concentration (not to speak of originality and news sources) to give you an issue of the **Dial**. But there is not one of us who has not enjoyed it, and felt pride and satisfaction when we sit down and peruse an issue of our paper.

One of the editorial aims this year has been to elevate **the** standards of the **Dial** and of the school, and we hope we have succeeded.

In turning over to the class of 1945 our typewriters, desks, mimeograph, and the good old journalism room, we want also to turn over to them the realization that there is always room for progress, the feeling

that the **Dial** can always become bigger and better. From our barracks, from our dormitories, from our hammocks aboard ship,—the members of the Class of "44" will be watching for the evidence of these truths, in the issues of 1944-45.

D. Baird, Exchange Ed.; M. Peabody, Art Ed.; B. Murray, Sponsor; D. Hoeltzel, Ed.; M. O'Leary, Asst. Ed.; H. Boyer, Chief Printer.

WE DID OUR BEST

Left to Right: T. Eyre, Asst. Ed.; B. Murray, Sponsor; J. Eaton, Photograph Ed.; B. Hammond, Bus. Mgr.; C. Sherman, Ed.-in-chief; A. Hatch, Art Ed.

"Naught's had, all's spent, when our desire is got without content." These haunting words ran through the ebullient minds of the Year-book Staff of 1944, as they compiled this book of fond memories, memories that we hope to bring back, not by paragraph after paragraph of trite printed matter, but by significant pictures.

We have planned pages at right angles and oblique angles, and then have re-done them at acute angles and obtuse angles. We have measured eight by eleven inch pages, and spaces to the thirty-second of an inch; and more than one time our lovable "Bessie" has patiently and grimly torn her own hair while yearning to do the same to ours. With a shiver up our spinal columns, a sinking feeling in the pits of our stomachs, and a pang of nostalgia in our hearts we shipped the very last copy to the publisher.

We shall feel that our efforts on this year-book have been duly appreciated if the reader will look upon it as we do: as an old friend that can bring back the past, a companion to be treasured in the many, many years ahead.
